Acting Director of Public Works

### **LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 29, MALIBU EMERGENCY STORM DAMAGE REPAIRS**

On January 24, 2005, a rainstorm caused a large sinkhole at 20026 Pacific Coast Highway, Malibu, exposing a portion of a Waterworks District No. 29, 2-inch-diameter water main. Additionally, the storm caused land movement on Sierks Way in Malibu, damaging a 6-inch-diameter fire hydrant valve.

John T. Malloy, Inc., was called to assist District staff to abandon the 2-inch-diameter water main and replace the fire hydrant valve. The work was completed on January 26, 2005, at an estimated cost of \$8,000.

John T. Malloy, Inc., is one of five as-needed, on-call emergency contractors with contracts approved by your Board on December 1, 2003. We committed to reporting to your Board all emergency repairs carried out under these contracts.
